Journey beyond the ordinary

The Brother *Inventio* Series

Expand your creative capabilities

Whether you're sewing or quilting this range of computerised machines is perfect for exploring new creative horizons and discovering the art of serious sewing.

With three machines to choose from, there's a perfect Inventio on which to explore and expand your sewing skills.

Whether you choose to get serious with the NV1150, step up on the NV1350 or take the creative lead with the NV1850Q it's time to learn more, do more, and be more, with a Brother Inventio At your side.

Fuss free innovation

We've included top-of-the-line features such as a lockstitch button, advanced one-action needle threading, thread cutter button, FAST bobbin winding system, drop in bobbin, Start/stop button, customisable settings, LED lighting and much more!

Large working area

Spread out across the 210mm sewing space. Perfect for bulky projects like tailored coats, denims and larger quilts.

Square Feed Drive System

Brother's patented SFDS technology ensures you get the smoothest, most accurate feed, no matter what fabric you're working with.

My Custom Stitch™

Design your own decorative stitches and save to the machine's memory for repeated use.

Large clear LCD screen

Spread out across the 210mm sewing space. Perfect for bulky projects like tailored coats, denims and larger quilts.

Hard case

Keep your machine safe and dust free with the included hard case. Perfect for home, lessons, or traveling!

The Brother Inventio NV1150

It's time to embark on your creative journey and take your sewing seriously.

When you want to concentrate on perfecting your sewing without getting distracted, this is the machine for you.

Strong, smooth and precise stitching, large workspace and lots of timesaving innovations such as lockstitch button, one step needle threading and thread cutting button.

The large workspace gives you the room to get inventive across a range of large, bulky or 'difficult' projects. With My Custom Stitch™ you can really leave your mark. With SFDS you can make sure those large, decorative stitches come out just perfect.

Start the next steps of your sewing journey with the NV1150 sewing machine at your side.

Make me!

Quilt designed by Brigitte Heitland, Zen Chic

NV1850Q special features

Sideways feed

Sideways feed for multi-directional sewing in four directions. Sews extra-large decorative stitches up to 40mm wide.

ICAPS

Achieve stitch perfection with Brother's ICAPS fabric sensor system. It automatically and continuously detects fabric thickness, adjusting the presser foot pressure accordingly to ensure stitch quality over different fabric thicknesses.

Pivot function

Sew precise! Lift the presser foot while keeping the needle lowered. Pivot your fabric for the ultimate control and sharpest sewing.

Wide extension table included!

Expand your sewing horizons and take on even bigger projects with the included wide table.

Do more with the NV1850Q

Uncover new creative horizons with the wide range of included accessories. Sew multiple layers smoothly with the walking foot, express your creativity with one of the three free motion feet, sew the sharpest of quilts with the quarter inch foot and quilting guide, never fear 'sticky' fabrics like vinyl with the non-stick foot. With so much included, the only limit is your imagination!

Feature	Benefit	NV1150	NV1350	NV1850Q
Built-in stitches (including buttonhole styles)	Wide choice of utility and decorative stitches.	140	182	232
One-step buttonhole styles	One-step 'auto size' buttonhole function creates perfectly uniform buttonholes.	10	10	10
Lettering styles	Built-in lettering styles in upper and lowercase.	5 (uppercase only)	5	5
My Custom Stitch™	Design your own decorative stitches and save them to memory for future use.	✓	✓	✓
Combining patterns	Create your own stitch combinations and save them to memory for future use.	✓	✓	✓
Mirror imaging	Create a mirror image of your stitch pattern to achieve an even greater variety of stitches.	✓	✓	✓
Repeated or single sewing	Choose to sew a stitch pattern once or repeatedly.	✓	✓	✓
Vertical pattern adjustment	Adjust the length of decorative stitch patterns.	✓	✓	✓
Lockstitch button	Tie-off stitches can be sewn at the beginning and end of the stitch. When pressing the lockstitch key while sewing a decorative stitch, the machine will stop automatically after completing the motif.	✓	✓	✓
Thread cutter button	Neatly trim threads at the end of sewing with the thread cutter button.	✓	✓	✓
Slide speed control	Adjust the sewing speed from slow to fast. This can also be used to adjust the stitch width whilst sewing.	✓	✓	✓
Stop/start button	Use your machine with or without the foot controller.	✓	✓	✓
Knee lift	Raise/lower the presser foot using the knee lift, enabling you to keep both hands on the fabric. Ideal when working on larger projects such as quilts.	✓	✓	✓
Work area	Ideal for large sewing projects such as quilts, curtains, etc.	210mm	210mm	210mm
LCD display screen	Large clear screen displays stitch details, including stitch length and width and the type of presser foot required.	✓	✓	✓
Advanced one-action needle threading	Simple and quick needle threading by lowering the lever.	✓	✓	✓
F.A.S.T. bobbin winding system	'Fast And Simple Threading' makes winding bobbins quick and easy.	✓	✓	✓
Quick set bobbin	Just drop in a full bobbin and you are ready to sew.	✓	✓	✓
Drop feed	The feed is easily lowered for free motion or free hand sewing – useful for quilting.	✓	✓	✓
LED sewing lights	The work area is lit by bright LED lighting.	✓	✓	✓
Presser foot levelling button	Ensures the presser foot is kept level for smooth stitching across varying fabric thicknesses.	✓	✓	✓
Snap-on presser feet	Quickly and easily change presser feet.	✓	✓	✓
Accessory compartment	Convenient storage compartment for accessories.	✓	✓	✓
Stitch reference guide	Choose the required stitch from this useful chart inside the top cover.	✓	✓	✓
Walking foot	Ensures an even feed action when sewing multiple layers of fabric.	optional	optional	✓ (mechanical)
Wide table	Expand the sewing area with the extension table.	optional	optional	✓
Hard case	A sturdy hard case protects the machine when not in use.	✓	✓	✓
ICAPS	ICAPS fabric sensor system continuously detects fabric thickness while sewing and automatically adjusts pressure to ensure even stitch quality over different fabric thicknesses.			✓
SFDS	Square Feed Drive System provides smooth, even feeding action for superior stitch quality on any weight of fabric.	✓	✓	✓
Pivot function	The presser foot automatically lifts as the needle remains lowered – perfect for precision stitching and quilting.			✓
Sideways feed	Sews in up to 4 directions. Sews extra-large, 40mm wide side feed decorative stitches.		✓	✓
Automatic thread tension	Automatically senses the fabric thickness and adjusts the thread tension.	manual	✓	✓
Error messages	Alerts you to incorrect settings.	✓	✓	✓
Needle mode selection (single/twin)	Easily switches between single and twin needle sewing.	✓	✓	✓
Initial needle position function	Sets the needle position to the left or centre, making it easy to sew from the desired position.	✓	✓	✓
Needle stop position	Select whether the needle should be up or down when the machine stops. Useful for turning fabric, sewing corners or joining quilt pieces.	✓	✓	✓
Size	Take on bulky projects without overcrowding your craft room.	480 x 249 x 300mm		
Weight	Easy to move, solid and stable when sewing.	9.6kg	9.8kg	9.8kg

Explore your creative side

With Brother's range of accessories*

*Additional purchase required.

Creative Sewing Pack II CSP2

With five presser feet you can push the limits of what you can make. Includes: Narrow Hemmer Foot, Concealed Zipper Foot, Quilting Foot, Braiding Foot, Piping Foot.

Presser feet

Whether you're adding piping or cording, want to add a fancy hem, want to sew with pearls, sewing pintucking, creating ruffles, adding deco to quilts... Brother has a multitude of presser feet to choose from. Whatever you want to create, we'll be At your side as you do it!
